

HAIN® PACKAGING
Total Custom Packaging Solution

CUSTOM PLASTIC PACKAGING: A HANDBOOK

Your Professional Plastic Packaging Supplier

A collection of plastic packaging specifications that
you could use in order to improve your business.

COMPANY PROFILE

About Us

HAIN® Packaging is an experienced and trusted supplier and manufacturer of poly bags in Malaysia. The company was established in 2008, being a major competitor in the plastic packaging supply industry in the country, driving HAIN® Packaging as a supplier of quality, integrity, innovation and productivity. With continued growth and development, our market and customers have grown rapidly in Malaysia, Singapore, and even in Brunei.

For almost 13 years in the industry, we have diversified our products and services. We produce and supply LDPE (Low-Density Polyethylene) bags, HDPE (High-Density Polyethylene Polyethylene) bags, handle straps and sack bags (shopping bags). We also supply OPP (Oriented Polypropylene) self-adhesive bags and ziplock bags, as well as laminated food packaging and courier mailer parcel bags.

We use our packaging experience and expertise to provide high quality and competitive packaging bag services to more than 3,000 Small and Medium Enterprises (SMEs). Our customers come from a variety of industries, including the retail, food, pharmaceutical industries and more. HAIN® Packaging is committed to being Malaysia's best plastic bag manufacturer and supplier for domestic and foreign consumers.

Mission

To supply industrial, commercial and food-processing industries, with innovative packaging solutions and high-quality products that is committed to relentlessly pursuing company principles and values, focus on developing our people and creating life-long customer relationships.

Vision

To be the best packaging company and partner of choice in the industry – by delivering packaging excellence defined by superior quality, unmatched service, relentless continuous improvement, and constant innovation.

TAMPER EVIDENT BAG

Description

Tamper Evident Bag (TEB) is a type of plastic bag that is designed to be tamper-evident. It is made of a clear plastic material that is strong and durable. The bag has a unique design that allows it to be easily identified and distinguished from other bags. It is used for packaging and storing various items, including food, medicine, and other sensitive materials. The bag is designed to be tamper-evident, meaning that any attempt to open or tamper with the bag will be easily visible. This makes it a popular choice for businesses and individuals who need to ensure the integrity and security of their products.
